At **US Adventure RV**, we rent out our RVs by the night and by the mile (except trailers - there's never a mileage charge for towable RVs!). These rates will vary depending on the dates of your trip.

We've worked hard to print accurate averages for you, and we've found they are very useful if you are not yet sure about your dates or destination. What we'd really like to do, though, is get you a quote for your trip.

Please take time to talk with an associate about what you're considering, and we'll get you an exact price!

* No mileage on towable RVs. Our Trailers have a minimum of 3 night rental. Our Airstreams have a minimum of 4 night rental.

At US Adventure RV you can pick up your rental 6 days a week (we are closed Sundays and some holidays). Since we rent by the night, the RV will be available starting at 2:00 PM or after on your departure day. Return of the RV is no later than 11:00 AM on your return day, but returning early or after hours is easy with our 24/7 key drop. Your rental period will end when we check the unit in on the next business day.
